For help, please write us at direction.ici@ec-nantes.fr and visit our site <http://ici.ec-nantes.fr/hpc> for details.

Méthodes de calcul des ressources

sacct

```
sacct -X -T --start=<start date> --end=<end date> -u $(whoami) --format=cputimeraw
```

sreport

```
sreport cluster userutilizationbyaccount -t hour start=<start date> end=<end date> user=$(whoami)
```

1. Utilisez l'option "-Pn" pour parser le résultat sans les headers.
